

Severe Cold Temperature Bus Routes

During the winter, if the temperature or wind chill is at or below -15° then a bus will drive a route in town so students do not have to be exposed very long to the cold temperature. Following is a list of where the bus will pick up students and at approximately what time the stop will be made.

Approximate time	Bus stop
7:30 a.m.	Park St. & Cedar St.
7:31 a.m.	Park St. & Oak St.
7:33 a.m.	Park St. & Short St.
7:35 a.m.	Clinton St. & Locust St.
7:38 a.m.	Plattsburg St. & East St.
7:39 a.m.	Cedar St. & East St.
7:40 a.m.	Cedar St. & Maple St.
7:43 a.m.	Oak St. & Maple St.
7:45 a.m.	Oak St. & Bohart St.
7:46 a.m.	Bohart St. & Clinton St.
7:47 a.m.	Clinton St. & Whitcomb St.
7:48 a.m.	Maple St. & Clinton St.
7:50 a.m.	Mark St. & South St.
7:52 a.m.	Russell St. & South St.
7:53 a.m.	Maple St. & South St.

Please understand that the bus may run in the morning but not in the afternoon, it will depend upon the temperature at the time. We tried to place the stops close enough so that students could leave their homes upon seeing the bus, but understand that the bus will only wait at a bus stop if children are in sight.
